At CST-LTL, we provide peace of mind at the press of a button.

CST-LTL Care Center

Even the best technology is only as good as the people who monitor it. Every **CST-LTL** Care Center Representative is CST-LTL-certified with extensive training in care service and emergency response. With the press of a button or signal from a CST-LTL unit, our Care Center Representatives are instantly in touch with the patient, and have immediate access to personalized client files with instructions for family or caregiver contact and appropriate emergency response.

CST-LTL's exclusive 2-Way ClearVoice technology provides crystal clear communication between the patient and Care Center even at longer distances or when the patient's speech may be compromised. This is more than just convenience – clear communication can save lives.

CST-LTL's Care Centers provide multi-lingual communication, fully redundant back-up systems and the most innovative technology in the industry. Combined with our exceptional staff and ClearVoice technology, CST-LTL's Care Centers provide the most complete and reliable support services 24 hour a day, 7 days a week.
