BOB 3600

Emergency Medical Alert System

BOB 3600 IS RECOMMENDED FOR PATIENTS AND CLIENTS WHO:

- Live alone, or are by themselves for 3+ hours per day
- Have any vision problems
- Experience muscle weakness or mobility problems when walking or climbing stairs
- Have any difficulty climbing in or out of the tub, getting up or down stairs etc.
- Get out of bed several times during the night to use the bathroom
- Take multiple medications or have complicated dosage instructions
- Have a history of falling or dizziness
- Have any chronic illness such as Diabetes, Osteoporosis, Heart Disease, Congestive Heart Failure, COPD, Kidney Failure, Stroke, Parkinsons, High Blood Pressure, Multiple Sclerosis or Incontinence
- Want peace of mind about their security, safety or health

If these are common concerns of your patients or clients, you should recommend BOB 3600. With the press of a button, they are connected to the best Care Center in the business.

Peace of Mind at the Press of a Button!

BOB 3600 personal emergency response system will help your patients or clients feel more independent and safe at home. Whether they need emergency services or gentle reassurance and peace of mind, CST-LTL Care Center Representatives are professionally trained and ready to respond anytime, day or night. For added safety, **BOB 3600** is connected to the existing phone line and has a built-in speaker, so there is no need to make it to the phone. If the subscriber is unable to speak, emergency services will be sent immediately.

About CST-LTL

CST-LTL brings advanced technology into the home, allowing the user to enjoy the freedom of independent living with the peace of mind that help is instantly available. **CST-LTL's** full line of personal emergency and medical response systems are easy to use, affordable and effective, helping to improve the health and safety of our users. Best of all, they are connected to the best Care Center in the industry, providing superior service and monitoring 24/7.

CST-LTL's products and services help support independence, prevent premature institutionalization, relieve isolation and improve quality of life.

- **CST-LTL's** Personal Emergency Response Systems (PERS) include 2-Way ClearVoice technology for instant conversation with our Care Center whenever needed. Our PERS systems can be programmed for pendant alerts, fall detection, security monitoring, environmental monitoring and many customized services to meet your patient's needs.
- **CST-LTL's** Medication Management Systems (MMS) organize and dispense medications on time, every time, and alert the patient and Care Center when a dose is missed.
- **CST-LTL's** Vital Signs Gateway (VSG) TeleHealth services help Clinicians and patients monitor and manage illness from the comfort of home.

At CST-LTL, we provide peace of mind at the press of a button.

CST-LTL Care Center

Even the best technology is only as good as the people who monitor it. Every **CST-LTL** Care Center Representative is CST-LTL-certified with extensive training in care service and emergency response. With the press of a button or signal from a CST-LTL unit, our Care Center Representatives are instantly in touch with the patient, and have immediate access to personalized client files with instructions for family or caregiver contact and appropriate emergency response.

CST-LTL's exclusive 2-Way ClearVoice technology provides crystal clear communication between the patient and Care Center even at longer distances or when the patient's speech may be compromised. This is more than just convenience – clear communication can save lives.

CST-LTL's Care Centers provide multi-lingual communication, fully redundant back-up systems and the most innovative technology in the industry. Combined with our exceptional staff and ClearVoice technology, CST-LTL Care Centers provide the most complete and reliable support services 24 hour a day, 7 days a week.
