

Multi-tenant with Unlimited Pendants!

Let **BOB 6000** monitor up to 235 emergency devices, wirelessly!

If you own or manage a Multi-tenant or Senior Living Community, you know there are unique challenges that come with the territory. Providing for the safety and welfare of your tenants can be complicated and solutions to those challenges can be costly, especially in older buildings that aren't equipped to handle today's high-tech wireless safety innovations. But there is a solution: Critical Signal Technologies, your Link to Life—the medical alert experts. We can provide you with everything you need to give your tenants access to 24 hour emergency help and even monitor common areas for environmental threats like smoke, fire, and flooding as well as detect door, window and motion activity & inactivity.

BOB 6000 offers a wide array of options.

- Installs in minutes, no tools or special wiring necessary
- Monitors up to 235 different emergency/security devices
- Monitors common areas and/or living areas for environmental changes and intrusion activity or tenant inactivity.
- Provides your tenants with access to emergency help for falls, medical issues and personal security.
- Customized monitoring schedules
- Frees up your staff when you need them most
- Maintains contact with a designated location at your facility.
- No installation charge with long-term contract

2 WAY CLEAR VOICE
CST-LTL is Always-On: All CST-LTL products are equipped with back-up power and supervisory features. CST-LTL's primary and back-up Care Centers are fortified with state-of-the-art monitoring technology and exclusive 2-Way ClearVoice Technology designed to efficiently manage unique power, connectivity and capacity challenges.

2
WAY
CLEAR
VOICE

BOB 6000 IS RECOMMENDED FOR PATIENTS AND CLIENTS WHO:

- Have any vision problems
- Experience muscle weakness or mobility problems when walking or climbing stairs
- Have any difficulty climbing in or out of the tub, getting up or down stairs etc.
- Get out of bed several times during the night to use the bathroom
- Take multiple medications or have complicated dosage instructions
- Have a history of falling or dizziness
- Have any chronic illness such as Diabetes, Osteoporosis, Heart Disease, Congestive Heart Failure, COPD, Kidney Failure, Stroke, Parkinsons, High Blood Pressure, Multiple Sclerosis or Incontinence
- Want peace of mind about their security, safety or health

If these are common concerns of your patients or clients, it's time you recommend BOB 6000. With the press of a button, they are connected to the best Care Center in the business.

Why BOB 6000?

BOB 6000 replaces stationary, wall mounted pull-cord systems. A waterproof, wearable pendant provides your tenants with access to help from wherever they are in the living area, no need to be near a wall mounted pull cord.

- **Dual Fall Detector & Alert Pendant - Waterproof with Audible Alert**
- Smoke Detection
- Door, Window and Motion Security Sensors
- Potential Flood Conditions
- Monitors Many Life and Health Factors Including Motion, Incontinence and More
- Customized Response Protocols
- Each Unit Can Manage Up to 235 Unique User IDs
- Bilingual System Announcements

Let us monitor your existing pull-cords 24/7, or customize a monitoring plan to free up your staff

About CST-LTL

CST-LTL brings advanced technology into the home, allowing the user to enjoy the freedom of independent living with the peace of mind that help is instantly available. **CST-LTL's** full line of personal emergency and medical response systems are easy to use, affordable and effective, helping to improve the health and safety of our users. Best of all, they are connected to the best Care Center in the industry, providing superior service and monitoring 24/7.

CST-LTL's products and services help support independence, prevent premature institutionalization, relieve isolation and improve quality of life.

- **CST-LTL's** Personal Emergency Response Systems (PERS) include 2-Way ClearVoice technology for instant conversation with our Care Center whenever needed. Our PERS systems can be programmed for pendant alerts, fall detection, security monitoring, environmental monitoring and many customized services to meet your patient's needs.
- **CST-LTL's** Medication Management Systems (MMS) organize and dispense medications on time, every time, and alert the patient and Care Center when a dose is missed.
- **CST-LTL's** Vital Signs Gateway (VSG) TeleHealth services help Clinicians and patients monitor and manage illness from the comfort of home.

At CST-LTL, we provide peace of mind at the press of a button.

CST-LTL Care Center

Even the best technology is only as good as the people who monitor it. Every **CST-LTL** Care Center Representative is CST-LTL-certified with extensive training in care service and emergency response. With the press of a button or signal from a CST-LTL unit, our Care Center Representatives are instantly in touch with the patient, and have immediate access to personalized client files with instructions for family or caregiver contact and appropriate emergency response.

CST-LTL's exclusive 2-Way ClearVoice technology provides crystal clear communication between the patient and Care Center even at longer distances or when the patient's speech may be compromised. This is more than just convenience – clear communication can save lives.

CST-LTL's Care Centers provide multi-lingual communication, fully redundant back-up systems and the most innovative technology in the industry. Combined with our exceptional staff and ClearVoice technology, CST-LTL Care Centers provide the most complete and reliable support services 24 hour a day, 7 days a week.
