

Because **You** Deserve Peace of Mind...

CST-LTL brings advanced and innovative technology into the home, helping you enjoy the freedom of independent living with the peace of mind that help is instantly available. CST-LTL's full line of personal emergency and medical response systems are easy to use, affordable and effective, helping to improve your health and safety. Best of all, you are connected to the best Care Center in the industry, providing superior service and monitoring 24/7.

CST-LTL Care Center

Even the best technology is only as good as the people who monitor it. Every CST-LTL Care Center Representative is CST-LTL-certified with extensive training in care service and emergency response. With the press of a button or signal from a CST-LTL unit, our Care Center Representatives are instantly in touch with you, and have immediate access to your personalized files with instructions for family or caregiver contact and appropriate emergency response.

CST-LTL's exclusive 2-Way ClearVoice technology provides crystal clear communication between you and the Care Center even at longer distances or when your ability to speak may be compromised. This is more than just convenience – clear communication can save lives.

CST-LTL Care Centers provide multi-lingual communication, fully redundant back-up systems and the most innovative technology in the industry. Combined with our exceptional staff and 2-Way ClearVoice technology, CST-LTL Care Centers provide the most complete and reliable support services 24 hour a day, 7 days a week.

CST-LTL Care Center – Going above and beyond is standard practice!

Is BOB-VSG right for you? Find out!

Do you:

- Live alone or are by yourself for 3+ hours per day?
- Have medical conditions that require frequent vital signs monitoring - like high blood pressure, heart related illnesses, Diabetes or other problems?
- Have other chronic illness such as Osteoporosis, COPD, Kidney Failure, Parkinsons, Multiple Sclerosis or Incontinence?
- Experience muscle weakness or mobility problems when walking or climbing stairs?
- Have any difficulty climbing in or out of the tub, getting up or down stairs, etc.?
- Get out of bed several times during the night to use the bathroom?
- Take multiple medications or have complicated dosage instructions?
- Have a history of falling or dizziness?
- Want to put your mind at ease about your security, safety or health?

If you checked more than one of these questions, it's time to consider BOB VSG. With the press of a button, you're always connected to the best Care Center in the business. Call us today to see how easy and affordable BOB is. Peace of mind at the press of a button.

BOB VSG
Vital Signs Gateway

“My doctor can monitor my weight, blood pressure, glucose levels and more through the CST-LTL Care Center.”

The **BOB VSG** wirelessly captures information from the TeleHealth unit, and transmits the data to the CST-LTL Care Center. Your doctor can access the information remotely at any time, and is alerted when any levels are outside your normal range. It's like having a doctor watching over you in the comfort of your own home.

BOB VSG REPORTS THE FOLLOWING MEASUREMENTS:

- ✓ Blood Pressure
- ✓ Blood Glucose Level
- ✓ Heart Rhythm Regularity
- ✓ Heart Rate
- ✓ Oxygen Saturation (SpO2)
- ✓ Body Temperature
- ✓ Body Weight

Here's How it Works:

TeleHealth Products >

(Products left to right):
Weight Scale, Panic Button, MMS (Medication Management System), Glucose Monitor, Wrist Clinic and Blood Pressure Monitor.

BOB VSG >

A wireless receiver and transmitter. Monitors a full range of TeleHealth products, sending data to a secure central server.

CST-LTL Care Center >

The CST-LTL Care Center receives the medical data and calls the designated caregiver, physician, or family member as necessary, based on the pre-determined parameters and your personal care plan.

Your Medical Caregivers

Your doctor or caregivers monitor your vital signs remotely, and are notified by the CST-LTL Care Center if any vital signs exceed your specific predetermined parameters.

CST-LTL is Always-On: All CST-LTL products are equipped with back-up power and supervisory features. CST-LTL's primary and back-up Care Centers are fortified with state-of-the-art monitoring technology and exclusive 2-Way ClearVoice technology designed to efficiently manage unique power, connectivity and capacity challenges.
