CST-LTL Care Center

Even the best technology is only as good as the people who monitor it. Every CST-LTL Care Center Representative is CST-LTL-certified with extensive training in care service and emergency response. With the press of a button or signal from a CST-LTL unit, our Care Center Representatives are instantly in touch with you, and have immediate access to your personalized files with instructions for family or caregiver contact and appropriate emergency response.

CST-LTL's exclusive 2-Way ClearVoice technology provides crystal clear communication between you and the Care Center even at longer distances or when your ability to speak may be compromised. This is more than just convenience – clear communication can save lives.

CST-LTL Care Centers provide multi-lingual communication, fully redundant back-up systems and the most innovative technology in the industry. Combined with our exceptional staff and 2-Way ClearVoice technology, CST-LTL Care Centers provide the most complete and reliable support services 24 hour a day, 7 days a week.

CST-LTL Care Center – Going above and beyond is standard practice!
